Dearest "Ginny."

I hope you always
receive the best of everything
my school years without you
would have been nothing and
I hope we continue to be good
friends always! I never forget
and love you and remember
you'll always stay the way you are in
if you'll be as kind & considerate in
the future as you have been in the past.
Love & kisses!
Friends forever!
Maggie.

Dear Ginny,

Roses are red violets are
green you have the shape
of a tangerine. Don't take
this saying wrong, all
that I mean is that
you have all the curves
in the right places, that
makes you juicy to know.

Yours truly,
Vincent F. Lampasas.

Dear Ginny,
you're really
wonderful, and
I'll never forget
the good times we
had together, especially
those slumber parties.
Love & best wishes,
Audith

Ginny, always best of luck.
may you be very happy & healthy
have all the things you need
every thing if you want it.
Love
Rami

Prelude

*North of the Mason-Dixon Line,
East of the Mississippi,
South of the border,
West of the Rockies, . .*

wherever you may roam in the future, may this 1953 edition of the LEE TRAVELER serve to remind you of the years you spent with all the rest of us in Robert E. Lee High School.

In the book we have compared our school life to a great symphony, in which each of us had a part to play in making the beautiful music of living and learning together.

We hope you enjoy this fantasy and always, when you turn to this book, feel within you a little of the lingering melody and harmony of your years in Robert E. Lee High School.

THE STAFF

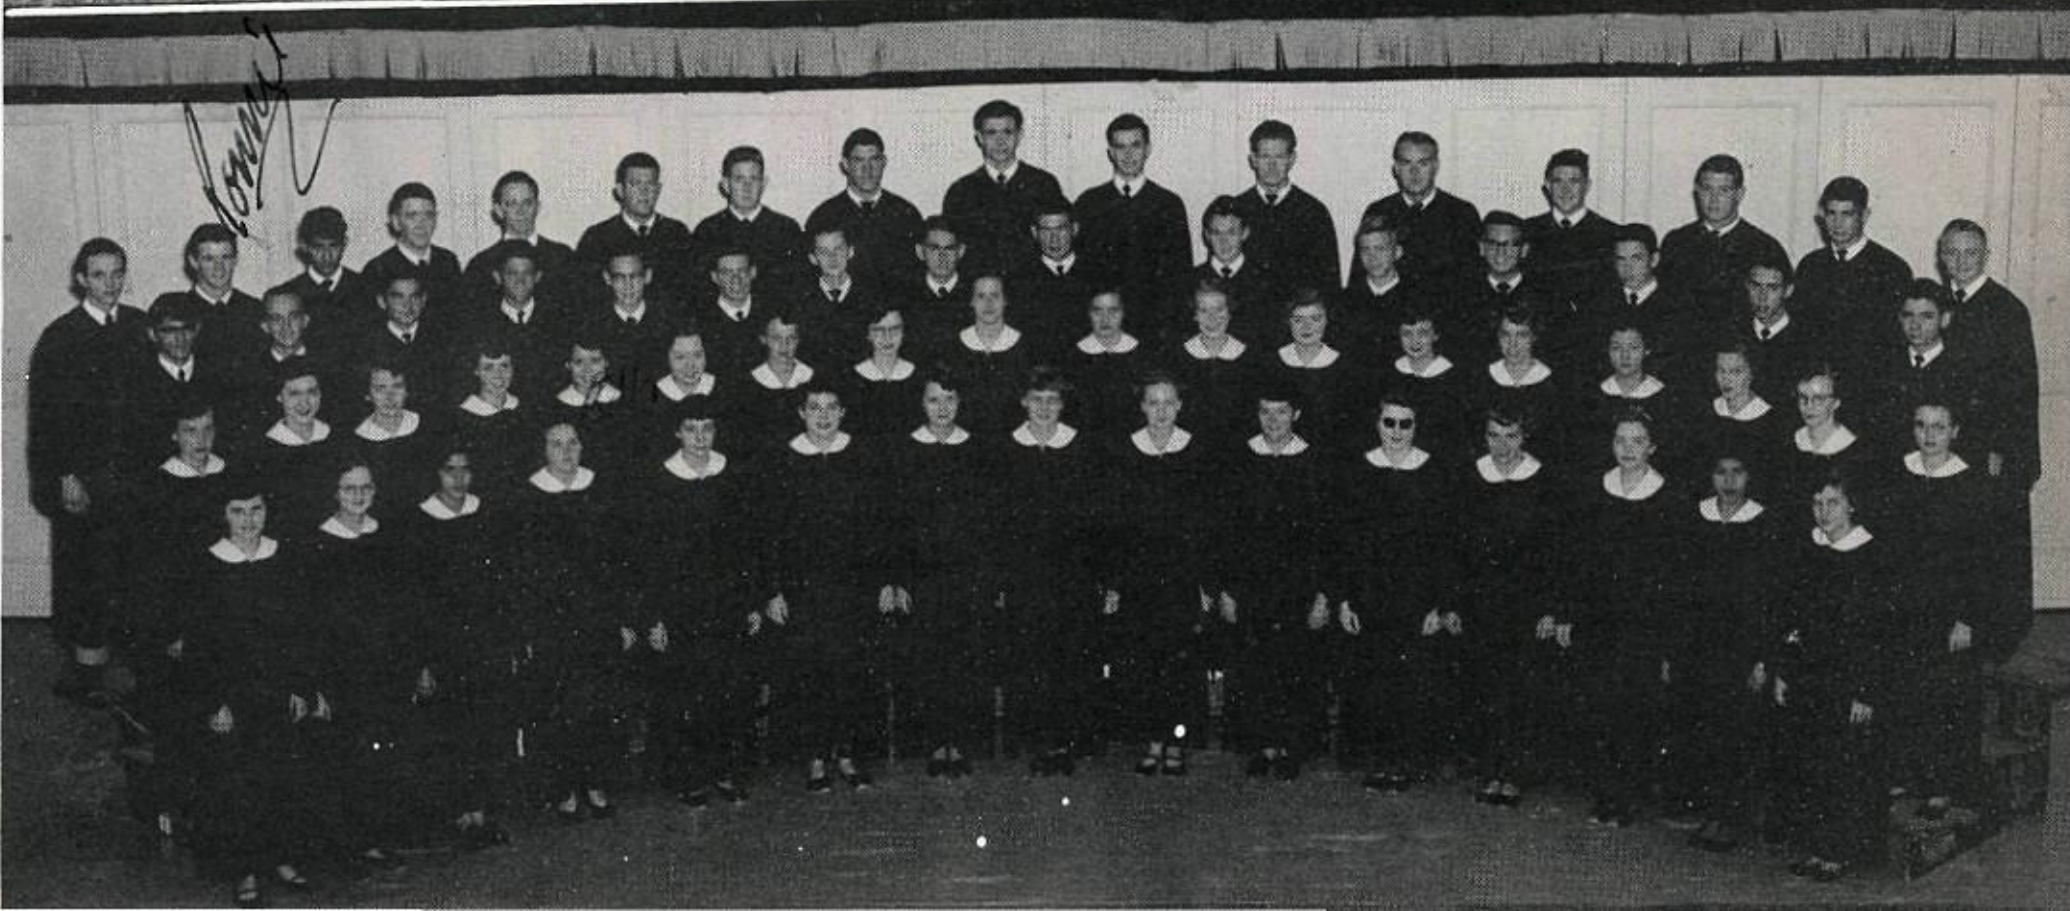

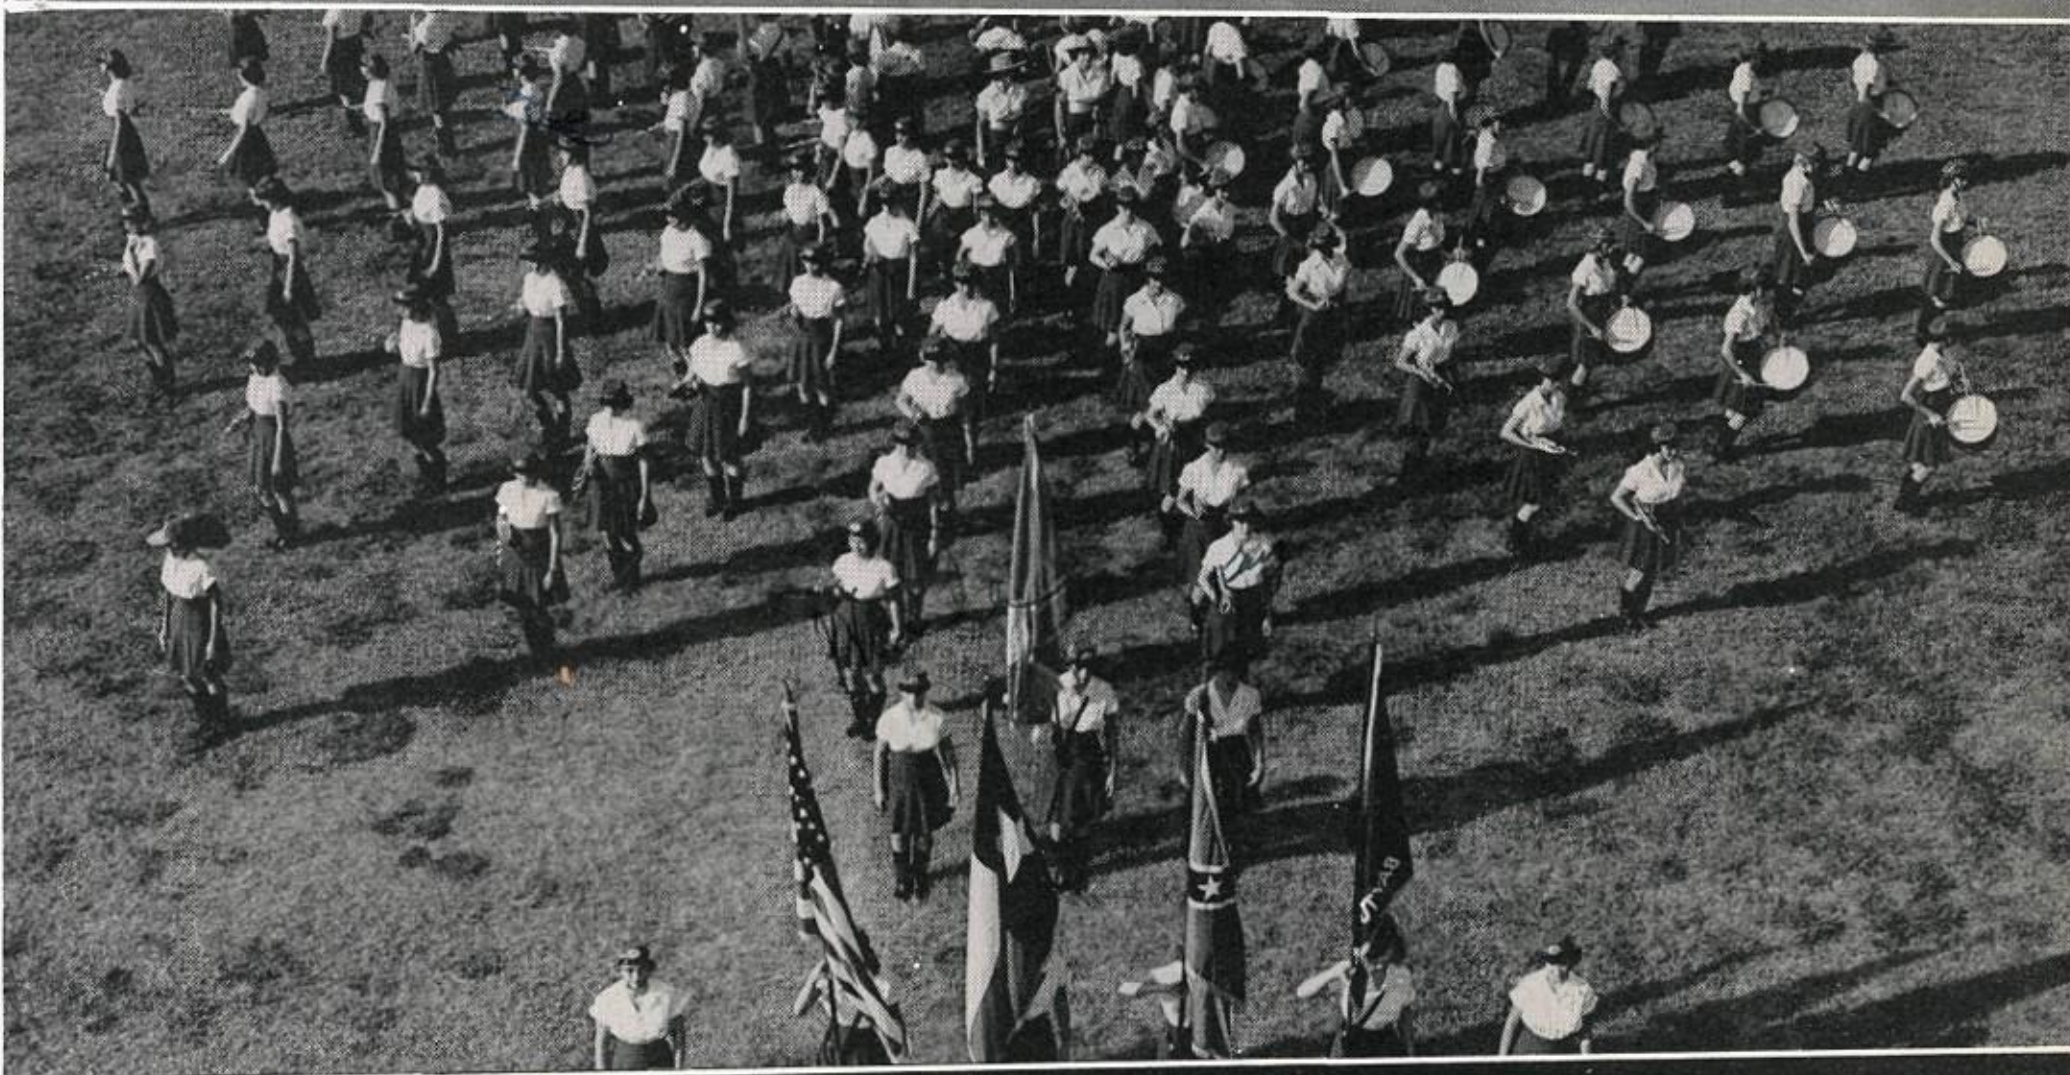

*We dedicate this 1953
edition of*
THE LEE TRAVELER
to

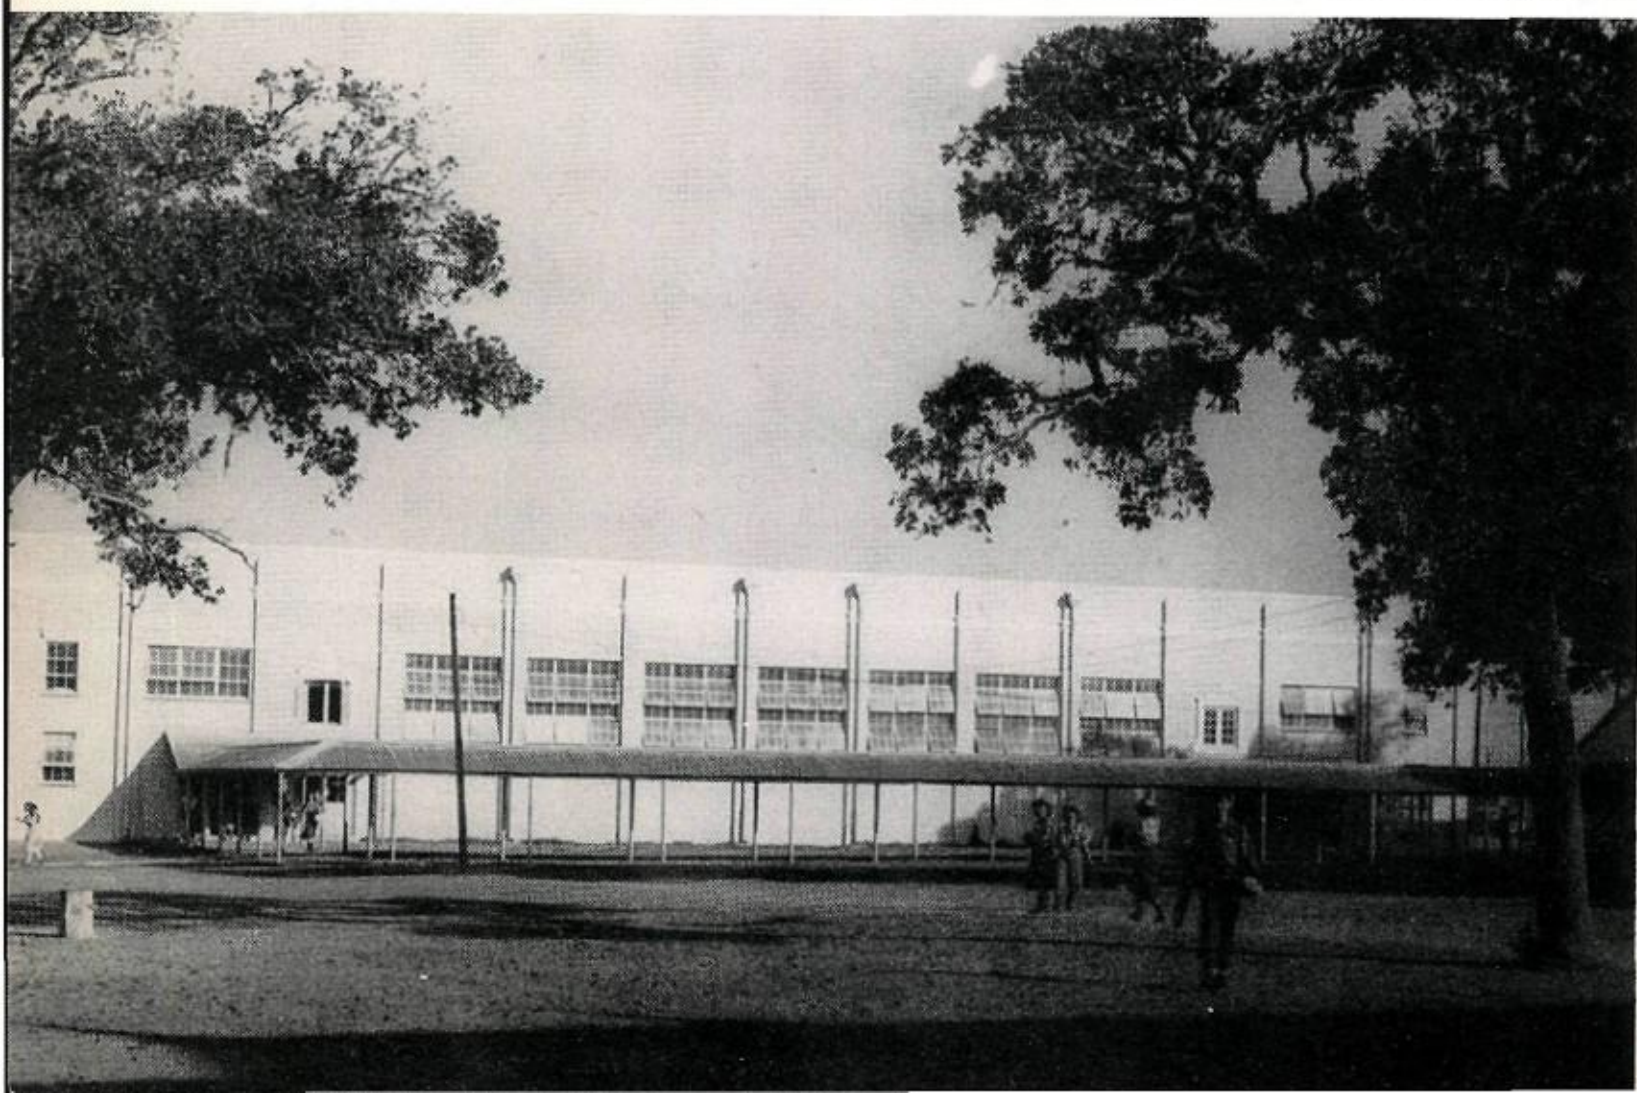

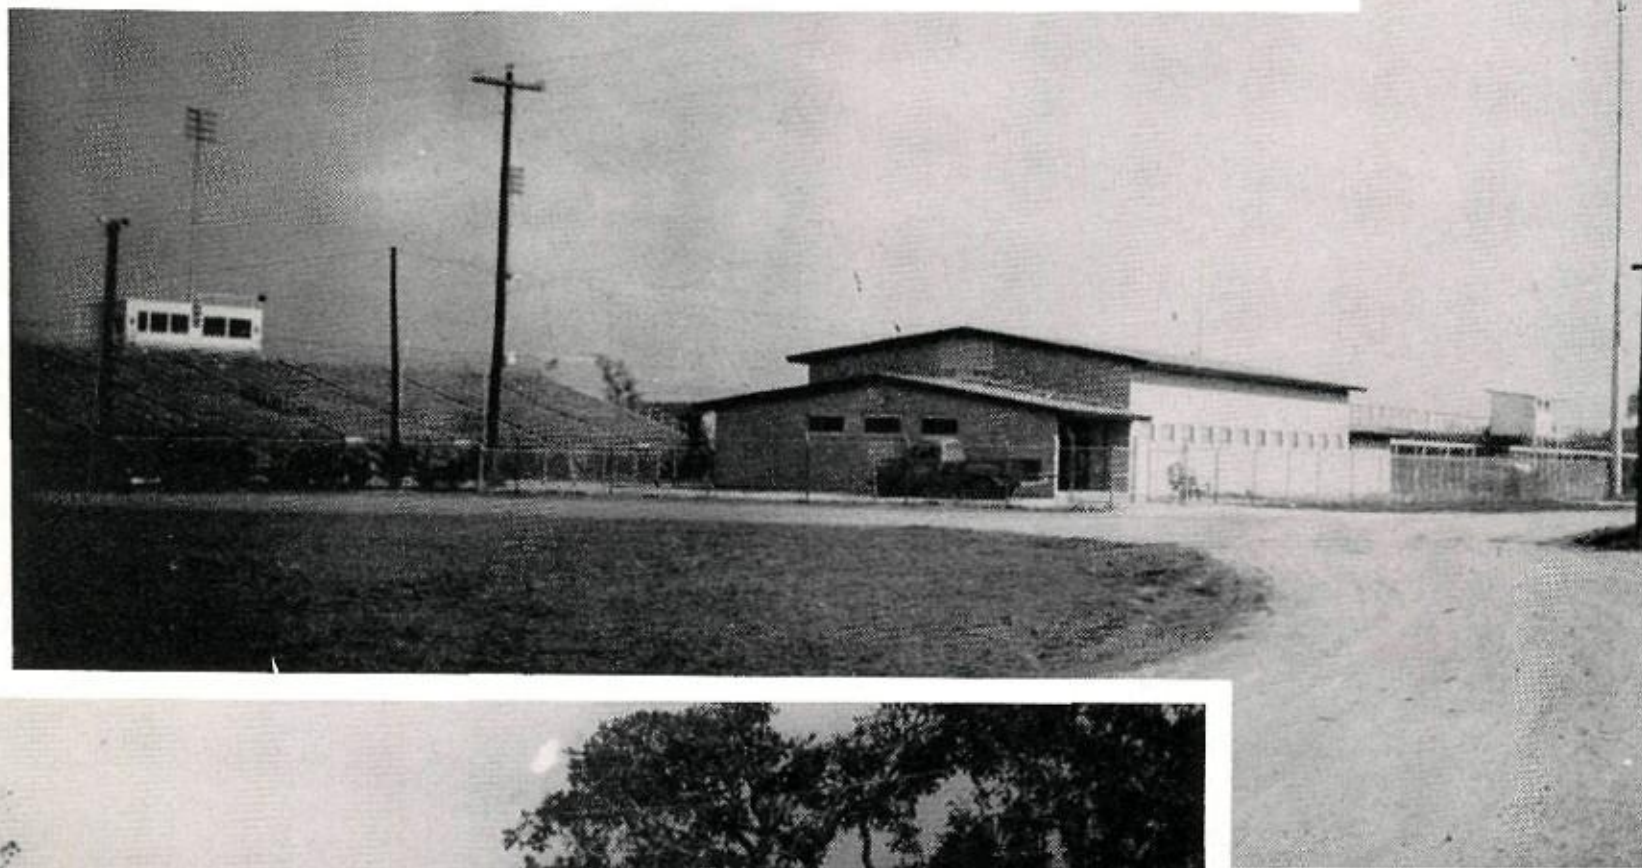

The Lee Band,
The Lee Brigadiers and
The Lee Choir . . .

the three campus organizations that have added most color to
our high school life.

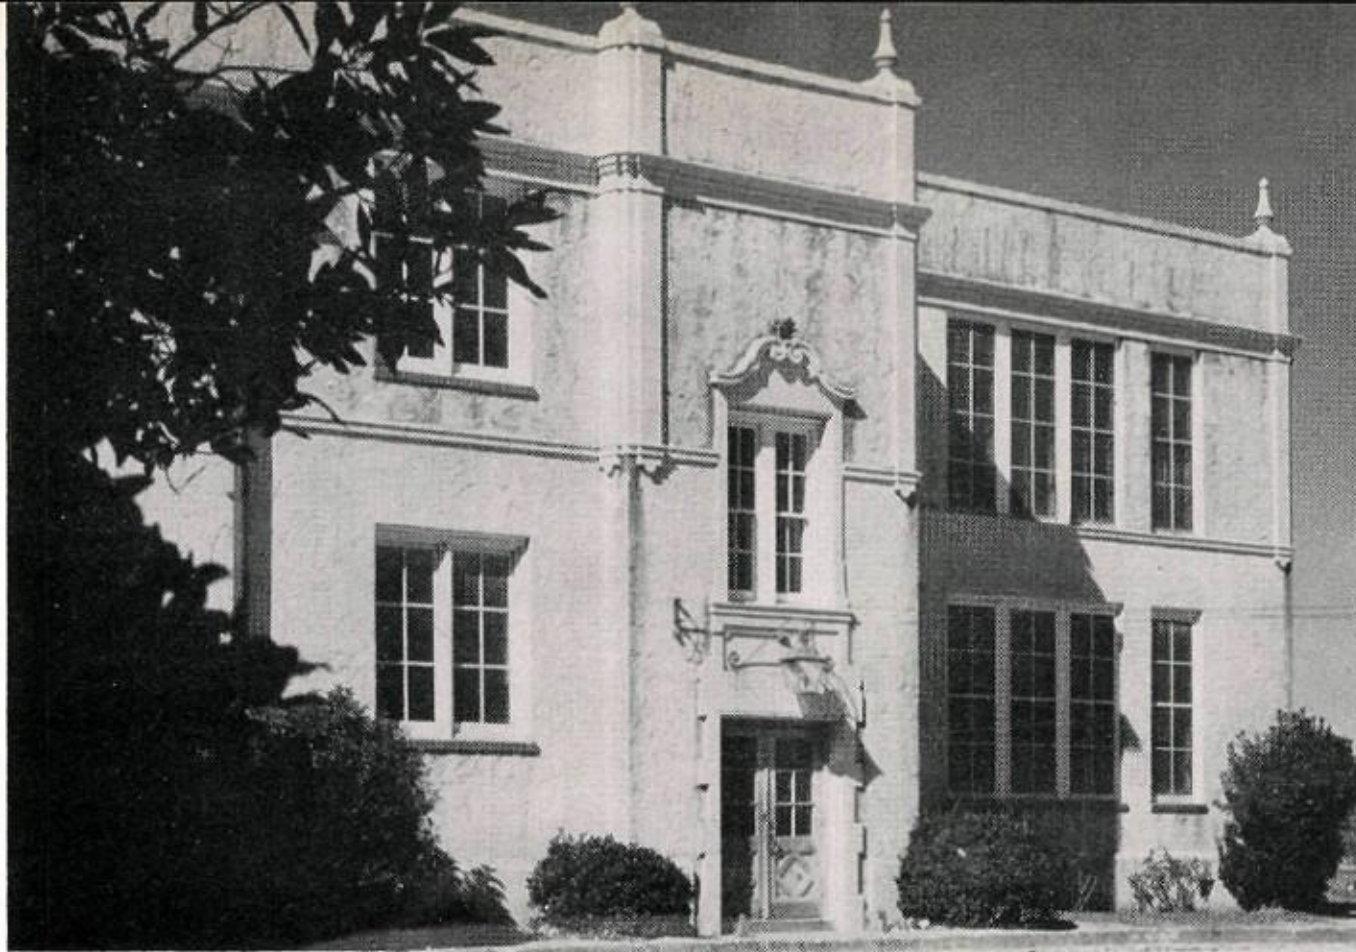

By their skills they have brought honors to themselves, our school,
and our community.

By their high group standards of accomplishment and character
they have strengthened the morale of the entire student body.

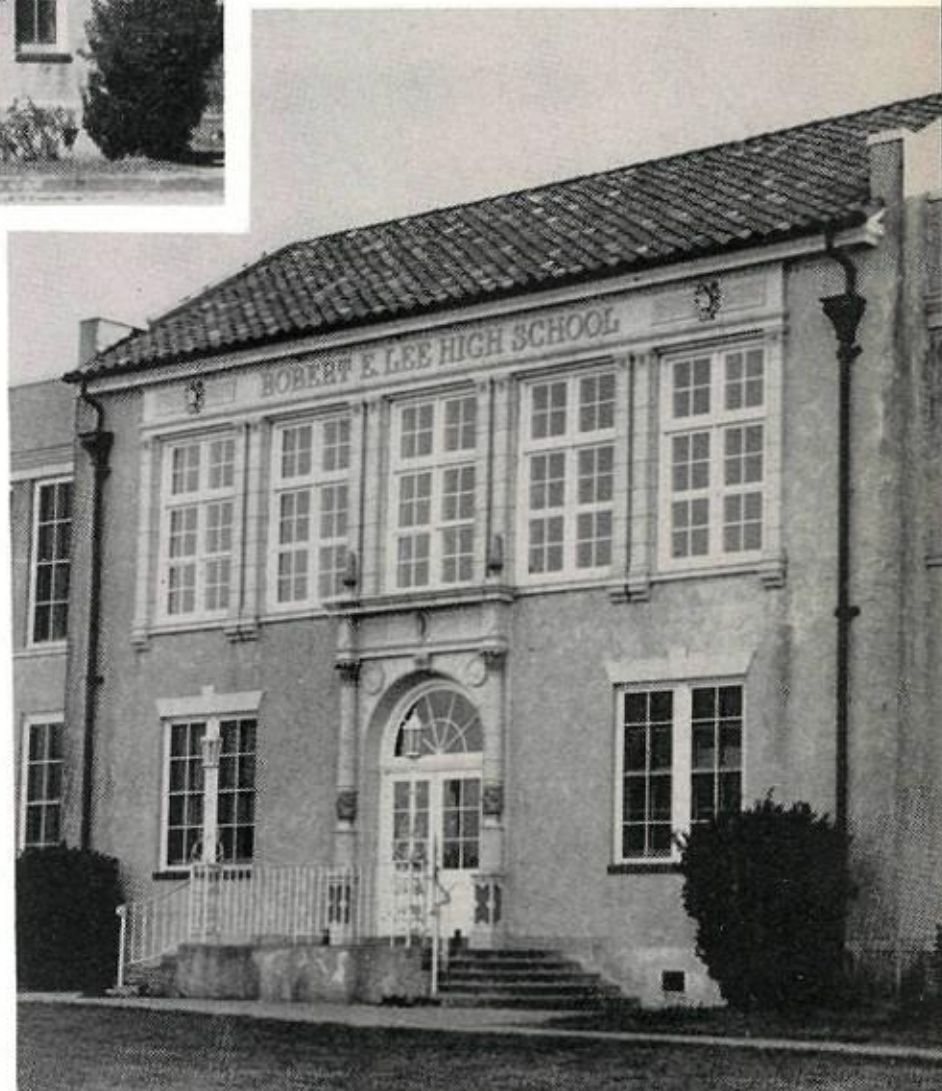

*Across the
south campus
The new
field house
The
gymnasium*

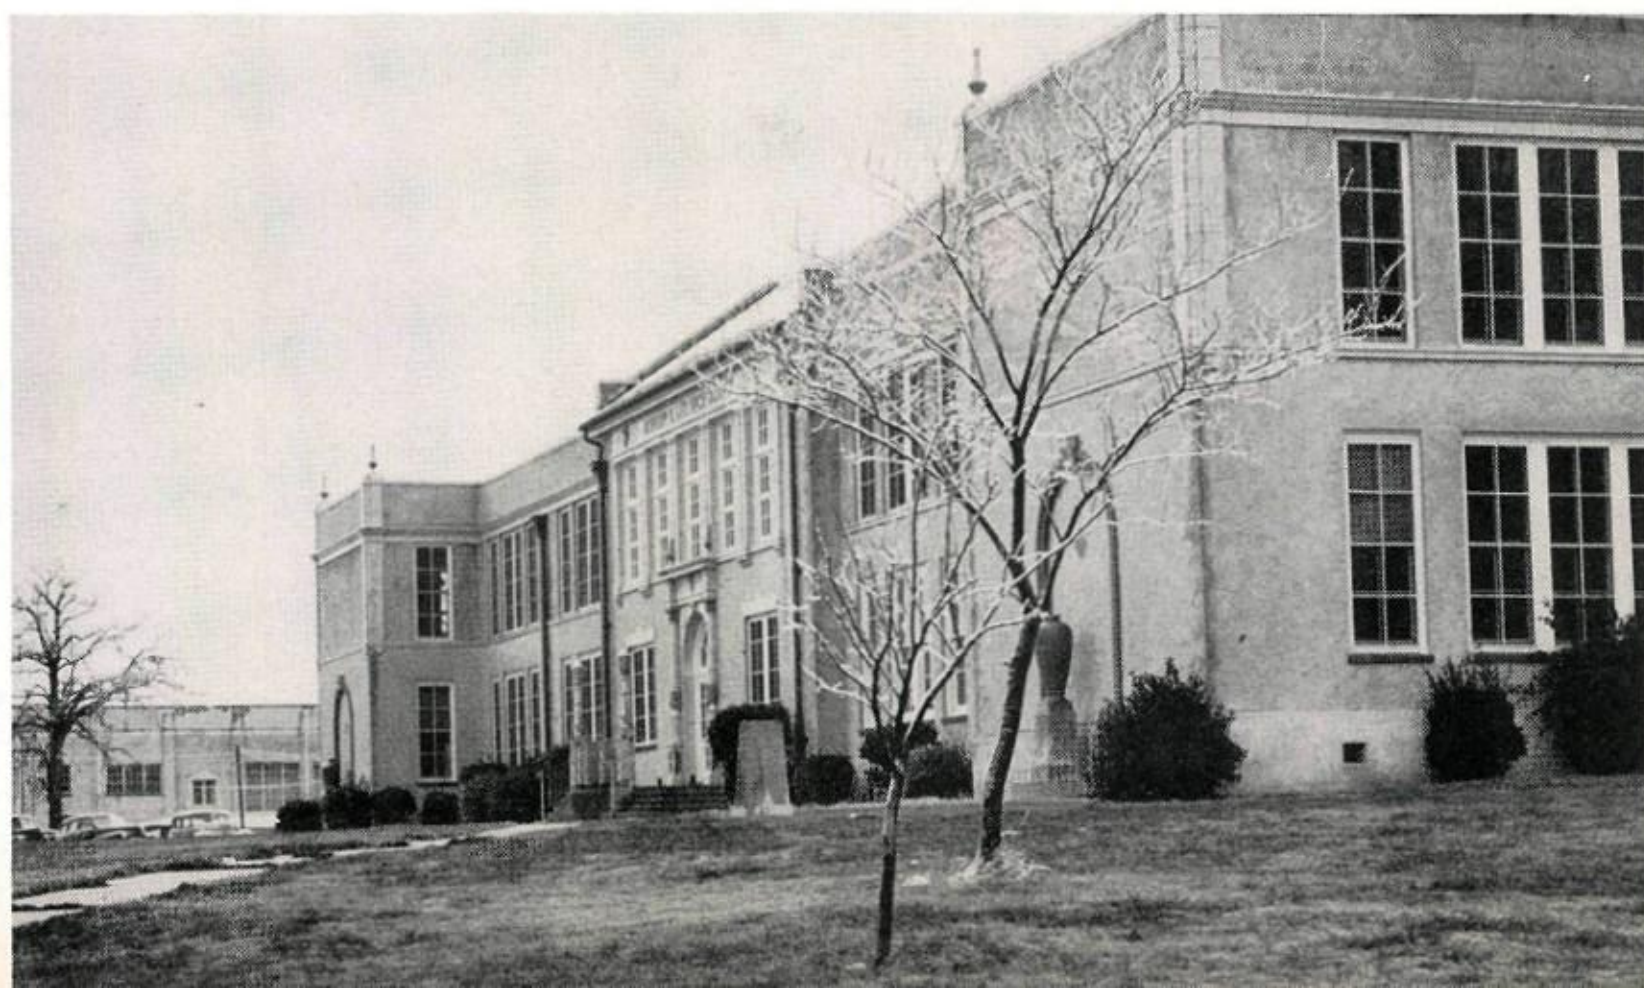

East Doorway

The school scene . . . the doors through which we passed . . . the corridors . . . the minutes of sociabilities before class . . . the classrooms . . . youth coming and going.

We cannot but reflect, however tritely, that these entrances have seen many come and go . . . and stand solidly as each class quickly passes on.

The whistle blows! The drums sound and the Brigadiers are off again, at their head Gazette's Student of the Week leading the snappy maneuvers. Yes, we mean the one and only Tiny Doss.

A dark-blond, Tiny has proved to be quite a leader and made a place for herself in the Brigadiers by serving as sophomore representative on the Brigadier council and as assistant company commander in her junior year. As a senior she is company commander and vice-president of the Corps.

The 1952-1953 staff of the *Gander Gazette*, high school newspaper has been the first in the history of the publication to make a small profit on each edition put out during the school year.

In addition to editing and financing the bi-weekly newspaper, the staff has sponsored a weekly radio broadcast of school news over Station KREL; arranged, managed, and "MC-ed" a series of four talent shows called "Teen Revues" at the Brunson Theatre; published a student handbook for Robert E. Lee.

The business staff of *Gander Gazette* look over an edition of *Scholastic Roto* prior to distribution of the sheet along with the school paper.

Ten representatives-at-large, six seniors and four juniors, with a representative and the president from each homeroom group, a total of 54 people, made up the membership of the REL Student Council for 1952-1953.

Purpose of the organization is "to create and maintain a wholesome understanding and cooperation between the members of the student body and the faculty; to foster an interest in community affairs, school work, school spirit, and school pride."

Projects for the year include:

Attendance by 27 members at the Southeast Texas Division of Student Councils on October 25 at the University of Houston.

Sending two delegates to the Southern Association of Student Councils held in Miami Beach, Florida, on October 29-November 1, at which meeting they led a discussion on "How To Have an Effective Installation Program."

Giving a coffee for the REL faculty.

Acting as president school for the Good Sportsmanship League and visitation with member schools in District 8AAAAA.

Visiting all schools in the district to present the GSL program.

Sponsoring, with the Humble Club, dances after football games, the all-school Christmas dance, and the Senior Prom.

Sending toys and clothing to children in Korea in response to a plea from a former REL student, Benny Moskowitz.

Joining with other high schools of the area in a weekly radio program, "Student Council of the Air," with Mary Virginia Satterwhite and Wacey Wright as REL members of the panel.

Sponsoring the King and Queen Assembly and using the proceeds to send delegates to the Texas Association of Student Councils held in Lubbock, Texas, where representative of Lee led a discussion group.

Sponsored Civic Week, an annual event climaxed by a banquet to which presidents of local civic groups are guests, during which week students are elected and serve as city officials for one day.

Preceding each district football game played at Baytown, members of the Good Sportsmanship League of REL presented League members of the visiting school with a small football decorated in the school's colors.

Patricia Ball, editor-in-chief, lines it out for her assistants—Cecile Treat, associate editor (left); Evelyn Doss, associate editor (right); while Pat Ball, Patricia's twin and student photographer, and Betty Quimby, staff artist, (standing) look a little dubious.

The 1953 yearbook staff has secured the largest number of yearbook subscribers in the history of THE LEE TRAVELER, 975 in all, and that with a fifty-cent increase in the price per book over that of previous years.

The publication cost more than \$4200; subscriptions brought in \$3412. The balance of the cost was raised by selling advertising to the merchants. Members of the staff get no graduation credit for this work; they used the period that might have been a study hall period each day in the week for work on the book, but much of their time was required to do the vast amount of application required for preparing copy for a book of this size.

Mrs. Olive Pruett, faculty sponsor of the yearbook, smiles over figures that seem to disturb Business Manager Chester Burchett (standing second from left) as his assistant, Jan Ferguson (right), and Charles Seligman and David Arnett, subscription salesmen and assistants with advertising, take it a little less seriously.

MAJOR HORACE H. SHELTON—*Educator, Journalist, Attorney*

As commander of the Texas Division, Sons of Confederate Veterans, and Judge Advocate-in-Chief of the national organization of the Sons of Confederate Veterans, Major Shelton was instrumental in suggesting that the Robert E. Lee Band furnish the entertainment in Jackson, Mississippi, last June at the 57th annual convention of the Sons of Confederate Veterans. He was the band's staunch friend and admirer at the convention and took pride in letting others there know that he had a part in securing the Lee group.

Major Shelton was editor of "Under Texas Skies," a bulletin published by the Texas Heritage Foundation. In 1941 he was selected by the American Legion as the outstanding Legionaire in the United States for that year.

The Press Club

Sponsors yearly a fun dance; the '53 version came as the culmination of Twirp Dance. Since the girls made the dates and paid the costs, it was called "Twirp Twosome" and a jungle theme was used in the decorations. (See mural above.)

To the left, Tommy Coulter is pictured determining the admission price—a total number of cents equal to one-half the girl's height in inches and the boy's head measurement in inches. It wasn't too hard on the pocketbooks of the twirps.

The guests entered into the fun with zest, and a good time was had by all. The "bunny hop" was pursued vigorously, and some were forced to shed their shoes.

It was all in fun.

Jo Helen Hayes and Bill Stolhandske were elected "Swamp Girl" and "Tarzan" and crowned with coconut shells by Junior Seligman, M.C.

Others in the jungle court were Fay Farrar, Norman Adams, Pat Nicholson, F. C. Saxon, Lucy Stallworth, and D. J. McFaddin.

Christmas is one of the gayest and most colorful seasons in Mexico. Each night from December 16 through December 24 there is held a *posada*, a party at which guests act out the search of Mary and Joseph for a room in Bethlehem. An essential part of the *posada* is the *pinata*.

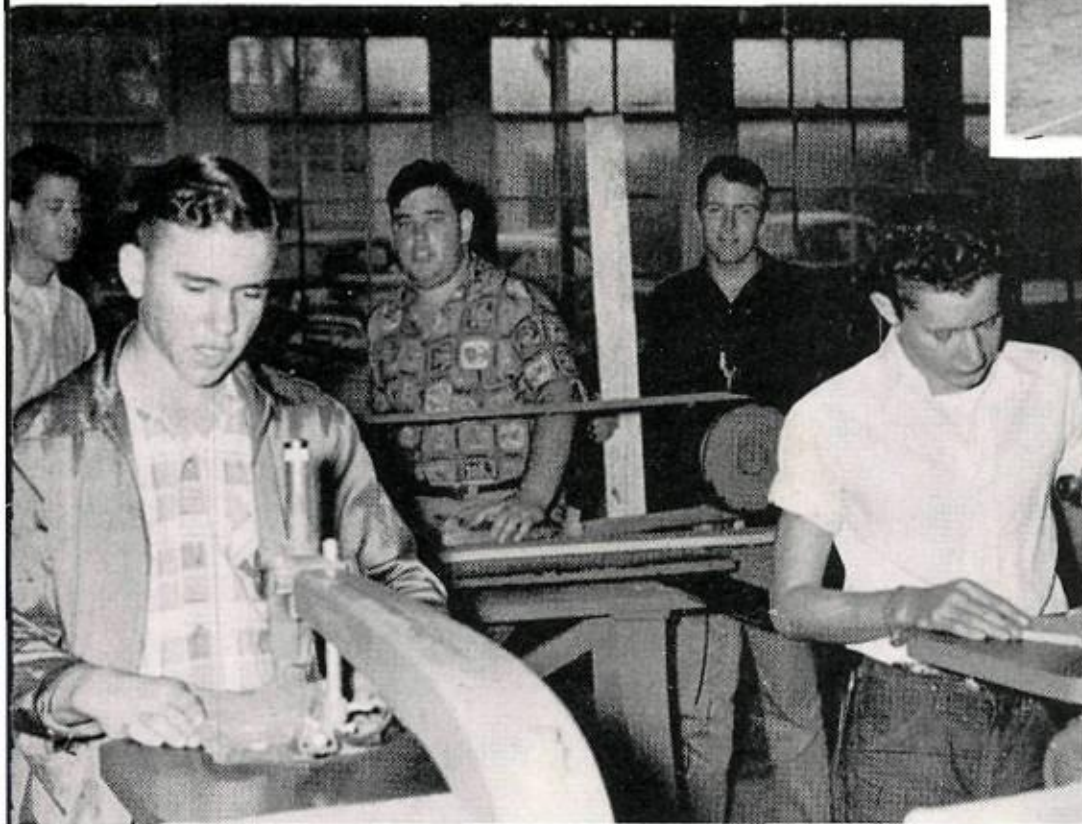

With the Woodworking Club

This group must have been posing for the camera-man; you just couldn't get all of them that busy at one time for anything else.

Field trips are made to Lee College to study the furthering of business education here in the community for those students who plan to go to college.

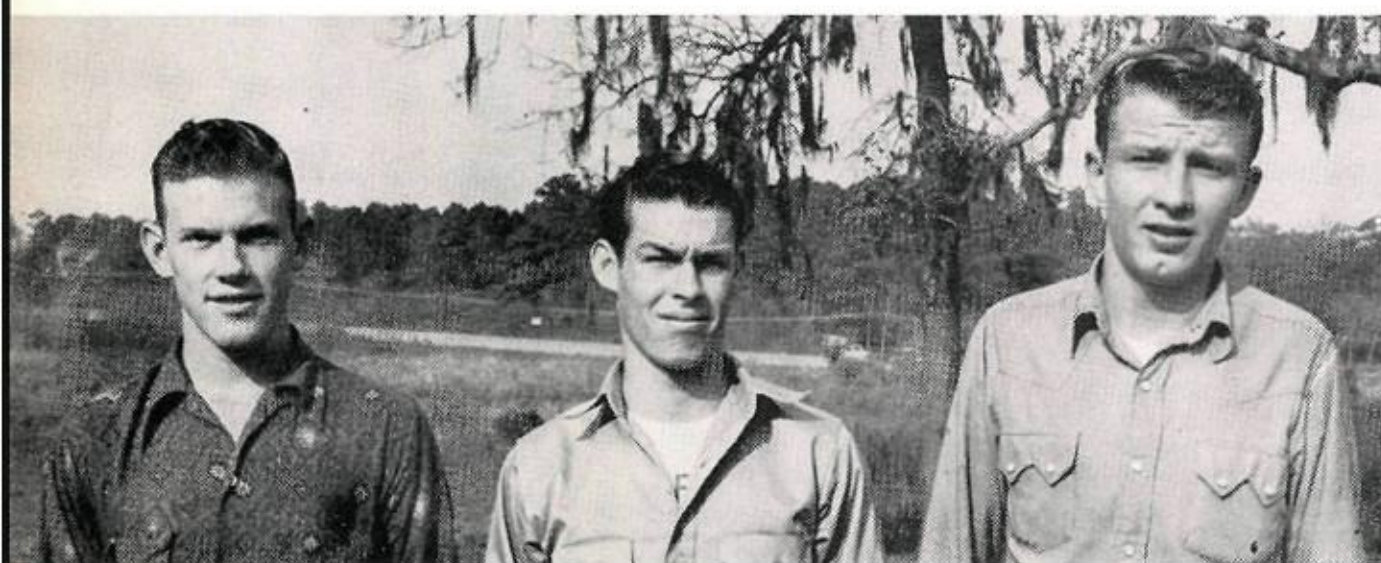

Guest speakers were invited to club meetings to bring outside interests into the chapter—business men, teachers, ministers.

The insignia of the D.E. Club is made up of an outer diamond, an inner diamond, and a package in the center.

The outer diamond signifies the four-fold character of distributive occupations—merchandising, publicity, personnel management, control.

The inner diamond represents the four institutions from which we derive our being and the criteria for judging values—home, school, church, business.

The package at the center is the symbol of the distinctive character of the organization, concern with the task of facilitating the delivery of the finished product of laboratories and factories to the consumer.

In addition to the jobs and projects carried out by each member of the club individually as a requirement the group published and distributed the 1952 student directory for Robert E. Lee. A hay ride and a skating party are annual events for the club.

A Modern Industrial Symphony

Successful presentation of beautiful symphonic music is made possible by the teamwork of many musicians, (each a specialist with his own instrument) who rehearse tirelessly under the conductor's leadership to achieve perfection in harmony. Each member of the group gives the best of his talent and artistic ability in a cooperative spirit that makes the author's composition become a living, vibrant work of art for thousands to enjoy.

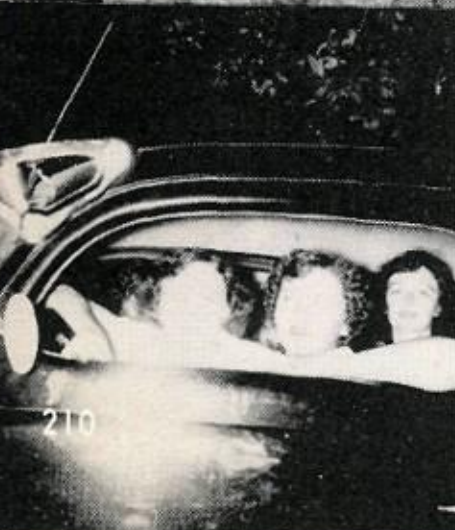

The success of any industrial enterprise is likewise a symphony of teamwork, the sharing of many and varied talents and skill that enables a group of men and women to operate a huge plant like Baytown refinery which manufactures ESSO Extra products for modern motoring that are works of industrial art. Each employee has special talent. His instrument in this modern industrial symphony is his training, skill, experience, and huge refinery units with which he does his part under well planned, capable industrial leadership. Each employee strives for perfection and the result of this harmonious effort produces a hundred or more petroleum products for better living.

Likewise, Robert E. Lee high school students, most of whom are sons and daughters of Baytown Humble employees, are receiving basic training in the American way that will endow them with the special talent and ability with which they can play their best role in life's great symphony of happier living.
